REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 78-93 are allowed because none of the prior art references of record teaches an apparatus for manufacturing a structure having a gas-liquid separating element comprising restricting means for restricting the energy transfer from an energy supplying head to a working portion of the gas-liquid separating element so that the working portion is unaffected by the energy generated from the energy supplying head, wherein the working portion faces the opening, passes gas therethrough, and blocks passage of the liquid in the combination as claimed.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
